CHANGE NUMBER TWO

...

Change to Attachment I: Statement of Work, Section 3.1, Description of Services/Tasks, Operations and Maintenance

The following is added to the end of Section 3.1:

The Operations and Maintenance team works from a master Operations and Maintenance task order, to be invoiced monthly, which consists of a pre-defined baseline set of Operations and Maintenance tasks from the above tables. The State and Contractor can adjust the mix of activities, via the monthly task order for a specific month. If the adjustment requires adding resources, the change must be completed and approved 4 weeks prior to the start of the month for which the change is effective. If the adjustment requires removing existing resources, the change must be completed and approved 2 weeks prior to the start of the month for which the change is effective. If the adjustment requires shifting existing resources, the change must be completed and approved 1 week prior to the start of the month for which the change is effective. If the monthly task order, and the adjustments require less effort from the Contractor than the original baseline activities, the remaining time and staff may be redirected to work on a different task order within that scheduled month.

3.1.1 Transition and Turnover of Operations and Maintenance Tasks

For each task in the above table where the Contractor role is "Lead", the Contractor shall, at the request of the State, execute transition activities. These transition activities shall proceed according to the existing transition plan and shall not exceed two calendar months in duration per O&M task for completion of turnover to the identified State resources. If the transition requires additional materials, knowledge transfer sessions, or additional time or effort, this addition work shall require a separate enhancement and support task order.

CHANGE NUMBER THREE

Change to Attachment I: Statement of Work, Section 3.2, Description of Services/Tasks, System Enhancement and Support Hours

The following is added to the end of Section 3.2:

3.2.1 Additional System Enhancement and Support Hours for Contract Year 4

During the Contract year 4, the State will be entitled to 59,312 additional System Enhancement and Support hours to be used at the discretion of the State and paid based on mutually agreed upon and approved task orders. The State is under no obligation to utilize any of the additional hours.

Additionally, the State will be entitled to 58,624 System Enhancement and Support hours which must be utilized prior to the end of Contract Year 4, to be paid based on mutually agreed upon and approved task orders.

Any previously established task order pool amounts are carried forward into this amendment.

CHANGE NUMBER FOUR

Change to Attachment V: Payment Schedule, Section 3, Maintenance and Operations
