Honorable Senator Mack "Bodi" White, Chairman
Joint Legislative Committee on the Budget
Post Office Box 44294
Baton Rouge, Louisiana 70804

Dear Chairman White:

Attached is a report prepared in accordance with LRS 49:308.3(E) enacted by Act 1127 of the 1995 Regular Session of the Legislature. This report depicts the special funds created in Treasury and includes for each fund the legal citation, date of creation, cash balance in the fund as of the end of the prior fiscal year, and a notation as to whether or not any revenue or expenditure activity has occurred during the prior fiscal year.

There are presently 397 special funds created by the Constitution or statute that are being administered by my office. This represents an increase in the total number of special funds from last fiscal year as depicted on the attached graph.

The fiscal health of the State General Fund is affected by a large number of special funds. Special funds reduce general fund revenues which would otherwise be available for general government purposes and restricts the use of such revenues to dedicated purposes.

Another factor associated with dedications is the fact that the State General Fund experiences greater occurrences of "interfund borrowing". As you know, General Fund cash flow position is one of the major areas of attention focused on by the State's bond rating agencies in monitoring the State's fiscal posture.

If you have any questions concerning my report or if you would like to meet with me to discuss this further, please call me at 342-0010.

Sincerely,

John M. Schroder, Sr.
State Treasurer
